7 August 2009	GHS	Experilab show	High school pupils of other schools	Science teachers of surrounding schools	Yes
7 August 2009	GHS	Experilab show	GHS pupils	N/A	N/A

Also note:

- We have a track booking for grade 12's on the 28th of July and the 13th of August and Adamantia will be invited to that. Therefore, it will happen, but not in the Science week.
- We had the idea to have an amazing race for our pupils. This will not involve further money as, again, the only outlay will be a few materials and a few prizes (was thinking T-shirts etc.)
A team will consist of four pupils that cover the subjects fields of Science, Maths, Technology, English and History between them. The area in which the school lies (Belgravia) is rich in history and historical events. The history will be the clues to go from one venue to the next and at each venue there will be something to solve. (Conundrum for English, build card house for technology etc.)
- Initially I thought that the other schools in Kimberley might invite the Experilab to their schools, but it did not happen. Therefore, I have invited the other high school to one of the two shows that will be happening on the Friday.
