					<p>interactive demonstrations, and captivating science shows, we will provide the public with an immersive and educational experience. The event will take place at our science centre, offering a diverse range of exhibits and tours that further promote the themes of debunking myths and the impact of science on society.</p>	
1 – 3 August 2023	14:00 – 16:00	Cape Town Science Centre	Observatory, Cape Town	Webinars	<p>The Cape Town Science Centre is hosting a series of virtual expert presentations to promote the importance of evidence-based science, building sustainable energy systems together as a community, and improving methods of millet production to sustain livelihoods for current and future generations. Each night, a different presenter, who is an expert in their respective field, will deliver a virtual presentation on one of the three subheadings.</p>
